The day started off COLD with temperatures in the mid 30's, but quickly heated up as the Advanced riders squared off for championship points. (I'll get back to that) We had 21 riders show for the event. The difficultly of the sections depended on who you asked. **Advanced** riders said the sections were hard and this was backed-up by high marks on the score sheets. **Sportsman** on down said it was about right for them.

Skipwith Riders

 Expert riders spent a lot of time in the stream by looks of the mud on their bikes and clothes, Hoover said he did a lot of feet padding in the sections.

 Advance Class had 6 riders. The competition was brutal, all eyes were on the rider in the section hoping for the smallest slip-up. The sections were hard, consisting of tight turns, hill climbs and off-camber rides. The top three finishers were each 1 point apart. Good riding!

Skipwith Trials Master Bob O'Sullivan Attacks Section 5

Sportsman class had 4 riders. A marker change was required in section 5 to make it rideable for the group. All rode well with mid-range scoring. I really enjoyed the ride and not getting beat up was a plus.

Intermediate class had 6 riders with a wide range of scoring. They said the sections were challenging at times with a little let up in the mid-sections. They had a good workout from their looks at the end.

Novice Class – We had two riders, Alex (age 6) and Eduardo (age 4), both had fun and are getting used to their bikes
