Thurmond Report from Rusty Lacy:

A great turnout and a great riding day greeted those who came out for our last event of the year in Thurmond, NC.

25 riders from PA to FLA came together for Ed Romney's event. Traction was great for the 10 sections and 3 loops and everyone finished before dark. Many of the sections were in and around the creek that flows through the property, but there were enough hills and logs to keep things interesting. We also had our first glimpse....and a test ride on....a full size competition electric trials bike thanks to Tom Ashton in the sportsman class. There were new Betas and a TRS to look at thanks to Jim McKenzie.

Many thanks to Ed Romney for all his hard work in setting this one up and also thanks to the land owners for having us.
